

## No Easy Choice: A Story of Disability, Parenthood, and Faith in an Age of Advanced Reproduction

Filesize: 5.94 MB

### ***Reviews***

*Absolutely essential study pdf. It is written in basic words and phrases rather than hard to understand. I am just happy to tell you that this is basically the finest pdf I actually have studied during my personal lifestyle and can be the very best publication for actually.*

Westminster/John Knox Press,U.S. Paperback. Book Condition: new. BRAND NEW, No Easy Choice: A Story of Disability, Parenthood, and Faith in an Age of Advanced Reproduction, Ellen Painter Dollar, In No Easy Choice, Ellen Painter Dollar tells her gut-wrenching story of living with osteogenesis imperfecta (OI)-a disabling genetic bone disorder that was passed down to her first child-and deciding whether to conceive a second child who would not have OI using assisted reproduction. Her story brings to light the ethical dilemmas surrounding advanced reproductive technologies. What do procedures such as in vitro fertilization (IVF) and preimplantation genetic diagnosis (PGD) say about how we define human worth? If we avoid such procedures, are we permitting the suffering of our children? How do we identify a "good life" in a consumer society that values appearance, success, health, and perfection? Dollar considers multiple sides of the debate, refusing to accept the matter as simply black and white. Her book will help parents who want to understand and make good decisions about assisted reproduction, as well as those who support and counsel them, including pastors and medical professionals.
