Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Musical Examinations: How to Study for Them All may enter, whether competent or incompetent, trained or untrained, artist or charlatan. No entrance examinations are required, as in other professions, and there is no regulation by the State; except when persons are employed by the State to teach music in the public schools. This condition is probably due to the belief that music is one of the arts. While this is more or less true, it is equally true that acceptance of remuneration converts an art into a profession. As such, the public has a right to demand thorough training and competence. This is not unreasonable when one considers the fact that the amount of money spent on music and music teaching, in the United States, exceeds the total expenditure of all the educational institutions, including public and private schools, high schools, and colleges. It would be unfortunate if the State undertook the regulation or licensing of those engaged in the various branches of the musical profession. Much better results can be obtained by the adoption by each branch of a high standard of musicianship that is based on years of preparation, and tested by means of examinations. Efforts along this line have been made by various Music Teachers Associations with more or less success, but none of them has equaled the work done by the American Guild of Organists in its desire to increase the efficiency of its members. Its examinations are comprehensive in scope, and calculated to test the fundamental training of the candidates, and to prove their fitness as professional musicians. That such fundamental training is so often lacking is due to the...
