Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

For it is given to very few of us to live long enough in France to make of French a second language as every educated foreigner makes of France a second country, or to be able to devote to the study of French sufficient time to master the difficulties, the intricacies, and the genius of the language, with the aid of the imperfect instruments available for the purpose. Bearing in mind the fundamental fact that English-speaking people think in English, and confining attention solely to the speaking and writing by them of idiomatic French, it must be said that existing English-French dictionaries, i. e. dictionaries in which English is the first language, as opposed to French-English dictionaries, in which French comes first, are of little use. In saying this, there is not the slightest intention to derogate from the merits of those works, whatever their merits may be.
