## AUDIOVISUAL PROGRAMS: FEDERAL AGENCIES COST REPORTING AND MANAGEMENT PRACTICES: GGD-86-125BR

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In response to a congressional request, GAO reviewed executive branch audiovisual activities to: (1) develop information on the volume and cost of such activities; and (2) test agencies compliance with Office of Management and Budget (OMB) policies and procedures for managing such activities. GAO found that: (1) the National Audiovisual Center understated the costs of federal audiovisual activities because the military departments did not report all the associated costs; (2) the costs for fiscal year 1984 were about \$88 million, but did not include the military departments depreciated equipment and facility costs; (3) the civilian agencies properly reported their annual audiovisual costs; and (4) the agencies reviewed generally complied with OMB policies and procedures and developed plans for controlling the production of audiovisual products. GAO also found that the private sector organization s estimate of the annual costs of federal audiovisual activities was overstated because it: (1) used a \$500 million estimate for production costs, which included many categories of audiovisuals not classified as audiovisuals under the government s definition; (2) used a \$500 million estimate for salaries based on nearly three times more federal workers employed in audiovisual job series than were actually employed; and (3) double-counted some salary costs.
