Mosby, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Prepare for success in the classroom! Corresponding to the chapters in the 8th edition of Lewis' market-leading text Medical-Surgical Nursing: Assessment and Management of Clinical Problems, this study guide offers a complete review of content and a wide range of activities to help you understand key nursing concepts. Alternate item format questions reflect the most current NCLEX test plan. To make studying easier, answers for all exercises are included in the back of the book. A wide variety of clinically relevant exercises and activities includes NCLEX examination-style multiple-choice questions, prioritization and delegation questions, case studies, fill-in-the-blank questions, anatomy and physiology review, clinical decision-making activities, and more. Answers to all questions are included in the back of the book, so you get immediate feedback as you study. Additional alternate item format questions incorporating prioritization and delegation are included to better prepare you for the most current NCLEX exam. New review activities are provided for the textbook's new chapter on sleep and sleep disorders. Attractive two-color design ties the study guide to the textbook.

Reviews

This is the very best publication i have got read until now. It is definitely simplified but shocks within the fifty percent of the pdf. You may like how the article writer create this pdf.
