Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This little book is intended to serve as an elementary introduction to the study of Egyptian Literature. Its object is to present a short series of specimens of Egyptian compositions, which represent all the great periods of literary activity in Egypt under the Pharaohs, to all who are interested in the study of the mental development of ancient nations. It is not addressed to the Egyptological specialist, to whom, as a matter of course, its contents are well known, and therefore its pages are not loaded with elaborate notes and copious references. It represents, I believe, the first attempt made to place before the public a summary of the principal contents of Egyptian Literature in a handy and popular form.
