SUPERHERO TRACKER CLUB: #1 SUPERMOM

Finity Frost L.L.C, United States, 2014. Paperback. Book Condition: New. Me Frost (illustrator). 221 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Could your own mom actually be a superhero? That's what nine-year-old Me Frost wants to know, and he has figured out just how to catch her in her superhero antics. He has formed the Superhero Tracker Club, or STC, where spying, sleuthing, and a few good gadgets are going to once and for all decide if his stay-at-home mom is up to some big time hero work when he is not around. Superhero Tracker Club: #1 Supermom is Finity Frost's hilarious tale that is as goofy as it is gross, and as smart as it is super heroic. Any kid with a curious mind and a love of comedy will relish every page of this wildly inventive tale. In this first in a series of illustrated children's books, readers will fall in love with the three brainiac kids who are determined to learn whether or not there are superheroes-and if they can take the form of a mom! Not only does the series offer kids plenty of laughs and action, it also encourages them to embrace their own extraordinary and unique characteristics. Told from the point of view of an Amerasian child, the book features three smart kids who attend a math and science school, where they must work extra hard, but also gain invaluable skills. As the friends join forces for a shared goal, each brings his or her own strengths to the mission. Me Frost has long suspected his mom is more than just the woman who makes him clean up his room. He knows she's already a pretty busy mom, with him and his two older...
