## ANATOMIST, THE (HARDBACK)

DOWNLOAD

Random House USA Inc, United States, 2007. Hardback. Book Condition: New. 203 x 152 mm. Language: English . Brand New Book. Hayes s history of the illustrated medical text Gray s Anatomy coincides with the hundred-and-fiftieth anniversary of its first publication. Fascinated by the fact that little was known about the famous book s genesis, Hayes combed through nineteenth-century letters and medical-school records, learning that, besides Henry Gray, the brilliant scholar and surgeon who wrote the text, another anatomist was crucial to the book s popularity: Henry Vandyke Carter, who provided its painstaking drawings. Hayes moves nimbly between the dour streets of Victorian London, where Gray and Carter trained at St. George s Hospital, and the sunnier classrooms of a West Coast university filled with athletic physical therapists in training, where he enrolls in anatomy classes and discovers that when done well, dissection is very pleasing aesthetically. - The New Yorker All laud and honor to Hayes. In perusing the body s 650 muscles and 206 bones, he has made the case that we are, as the psalmist wrote, fearfully and wonderfully made and that dissection has an aesthetic all its own. The act of carving open a body becomes, in this context, a perverse act of love, a desecration that consecrates the extraordinary, the inner architecture of the human form. - The Washington Post How do you write a book about someone about whom next to nothing is known? For most writers, the answer would be move on to the next subject. But Bill Hayes has an unusual set of skills. The author of previous books on insomnia and blood, he is part science writer, part memoirist, part culture explainer. The Anatomist, his appealing new book about the man behind Gray s Anatomy, combines his search for the remaining traces...
